### HELLO

Passionate, diligent, and forward-thinking, I am a budding web programmer with a keen interest in front-end development and app creation. My journey into the realm of coding is fueled by a relentless curiosity and a desire to create immersive digital experiences. With a strong work ethic and a penchant for problem-solving, I thrive in the dynamic world of programming, constantly seeking new challenges to sharpen my skills.

Beyond coding, I find joy in various pursuits. As an avid gamer, I not only enjoy playing video games but also aspire to delve into game development in the future. My love for dogs, coupled with my enthusiasm for outdoor activities, often leads me on adventures in nature with my furry companion by my side. When I'm not immersed in the digital realm, you'll likely find me engrossed in a good book, experimenting with vegan recipes in the kitchen, or indulging my sweet tooth by baking delicious treats.

Driven by a passion for learning and a commitment to excellence, I am eager to contribute my skills and creativity to projects that push the boundaries of technology and innovation.

### EXPERIENCE

#### Private elderly care

Condominio parrocchiale - Rovellasca

2021- to present

- I provide assistance with hygiene, nutrition, and medication administration.

#### Coffee Master in a coffee roastery

Starbucks Reserve - Milan

2018- 2020

- Customer engagement:** I actively engage customers through events, tastings, and marketing initiatives to share the passion for coffee and promote the roastery's products.
- Tasting and sensory evaluation:** I conduct tasting sessions to assess the aromatic profile, taste, and balance of roasted coffee, developing an in-depth understanding of the characteristics of different

## EXPERIENCE

### Switchboard operator

Le zebre - Milan

2017- 2018

- I received calls for package deliveries in the city of Milan, communicated with the operators to guide them to their destination and provided them with their daily itinerary.

### Junior Quality Control Laboratory Technician

Henkel Lomazzo

2016- 2017

- I conduct stability tests on products to assess their shelf life and effectiveness.
- I monitor and record data related to tests and analyses, ensuring that records are complete and accurate.
- I perform chemical and physical analyses of raw materials, in-process materials, and finished products to ensure they meet quality standards and specifications.
